LIBERTY UNDER LAW—EQUAL RIGHTS—TRUE INDUSTRIAL FREEDOM

ALLIES OUTFLANK KEY TO ENEMY'S PICARDY FRONT.

LONDON, Aug. 16.—The British Thursday evening repulsed a strong German counter attack at Demery and today in co-operation with the French made substantial progress in the direction of Fresnoy-les-Roye. According to the official report from Field Marshal Haig's headquarters in France issued tonight.

SPAIN THEATENS GERMAN SHIPPING

Retaliation for Sinking by U-Boats is Warning to Kaiser.

RET ATLANTIC CABLE AND A. P. I.

LONDON, Aug. 16.—Spain has notified Germany of her intention to compensate herself for future outrages against Spanish shipping by confiscating a corresponding amount of tonnage from German shipping that has found refuge in Spanish ports, says a dispatch to the Times from Santander.

There are about ninety German steamers voluntarily interned in Spanish waters.

DEVELOPMENTS ON WESTERN FRONT.

[Updated Night Battle Summary by the Associated Press.]

EVIDENTLY it is not in the plans of the Allies to leave the Germans secure in their possession of the line between the Somme and the Oise. Although the front from the south of the Somme past Chaules through Roye to Noyon has been studied with fresh reinforcements and innumerable guns to keep back the Allied troops, the Germans again have been forced to give ground.

French and Canadian troops Friday night, between Goyencourt and Laucourt, on a front of about three miles, had fought their way west of Roye until they were at the door of the town, a keystone of the German defense in Picardy.

To the immediate north the British troops were still in possession of Damery and Parvillers after heavy counter-attacks.

West of Roye the Allied line is now only a scant mile add a quarter distant. This adds materially to the danger of Roye by direct assault on the part of the French and Canadians at its western gates and from a flanking maneuver by the British on the northeast.

The French have carried out successfully an advance five miles to the south, which seemingly has the town open to a turning movement from the Loges Wood.

Not alone is Roye menaced by this last advance, but, above all, the woods southward, the French are in position to outflank Laucourt, and with the French troops in the Oise Valley near Ribecourt also strategically placed, to begin a rolling process, which, if successful, would obliterate the hill and wooded country now standing as a barrier to the capture of Noyon.

The position of the Allied troops on the Somme-Oise salient is materially better than it had been for several days past.

The retirement of the Germans on parts of the northern front continues, but these maneuvers as yet have not been decisive. The French are closely upon the evacuation of front-line positions north of Albert, which were taken over by the British, has come another victory with the retirement of the Germans in the Loges sector.

The village of Vieux Berquin has been given up and ground over a front of about nine miles to a depth of from one to two miles has been ceded without fighting.

ENEMY NERVOUS.

All the way between La Bassée Canal and Ypres the Germans still are exhibiting signs of nervousness, and daily are bombarding the British front heavily with shells and gas projectiles.

Along the Vesle River the German retreat has been rapid. The positions held by the French and Americans, but their efforts have gone for naught so far as causing a relinquishment of territory is concerned. The American aviators are busily engaged in bombing operations, and have been dropping bombs on the German lines, and have bombed railway junctions in the Metz-Verdun area with good effect. The French also have been dropping bombs on the German lines, and have bombed railway junctions in the Metz-Verdun area with good effect.

Man Power.

THIRTEEN MILLION MEN TO REGISTER IN SEPTEMBER.

Immediate Induction into Army is Fate Promised Slackers.

BY ROBERT B. ARMSTRONG.

WASHINGTON, Aug. 16.—Thirteen million Americans will register under the new draft law September 7. If Congress delays the draft bill the registration will be postponed to September 14 or some subsequent Saturday. This because September 5 will interfere with primary elections in several States. Furthermore, Saturday is a half holiday over most of the country until October 1, and holding the registration will interfere with industry if held on Saturday.

The present draft machinery will be expanded to take care of the increase which amounts to approximately 150 per cent of the burden of the first draft. Ten million were drafted last time, and this time call for 15,000,000. Twenty-one-year-old men in between bringing the total up to 25,000,000 men upon the rolls of the Provost-Marshal-General's office.

ADVANCE WORK DONE.

Regulations providing for the details of the draft must await final action by Congress, but much of the work can be done in advance. Additional registration officers will be named so that there will be an opportunity for men to register in every voting precinct in the country. In all large cities, district draft boards will be largely increased—membership totaling twenty or

AMERICAN AIRMEN WRECK CONFLANS RAILWAY YARDS

WITH THE AMERICAN ARMY IN FRANCE, Aug. 16.—An American bombing squadron commanded by Lieut. Gundelach dropped twenty bombs on the railway yards at Conflans yesterday. Eighteen direct hits were observed in the center of the tracks in the east portion of the yard and two on the roundhouse. The squadron was pursued by eleven enemy planes, six of which were speedily left behind. One of the remaining five was hit by the American machine-gun fire and forced to descend near Joinville. Lieut. Gundelach was slightly wounded.

BRITISH AIR ACTIVITIES.

LONDON, Aug. 16.—The official communication dealing with aerial activities reads:

"On August 15 the number of combats was not great. Four hostile aircraft were destroyed. A personal friend of Admiral von Hintze, German Secretary of Foreign Affairs.

PARIS, Aug. 16.—French and Canadian troops have made progress against the Germans over a front of more than three miles between Goyencourt and Laucourt, west of Roye, according to the French official communication issued this evening. The Bois des Loges, five miles south of Roye, also has been penetrated deeply.

POCH WINS TWO TOWNS

Villiers - les - Roye, St. Aurin Taken.

Old Line of Trenches East of Armancourt Reoccupied by the French.

Third Army Takes Another Grip on Vital Thiescourt Position.

WITH THE FRENCH ARMY IN FRANCE, Aug. 16.—Allied forces occupied Villiers-les-Roye and St. Aurin, and reached their old line of trenches east of Armancourt yesterday. Further north they pressed forward toward the Chaulnes-Roye line, taking Demery Wood in the evening.

Sharp fighting continues east of Armancourt. Just west of Laucourt there was a lively combat for Chaulnes' trench, in the middle of Plessey Park. The fighting ended in a victory for the French.

The Germans are clinging stubbornly to the Laucourt-Roye line. The capture of Ecuvillon, which facilitated the taking of Ribecourt, has been followed by the occupation of the Monolithe farm, giving the Third Army another grip on a vital position near Thiescourt and threatening the German line of retreat along the road to Noyon.

DRAFT ACTIVE TROOPS.

There is evidence that the German reserves are no longer sufficient to maintain the defense, and that drafts are being made on German troops holding other important sectors.

The French division that took Ribecourt met the enemy troops which had been recently withdrawn from the Verdun front. They were old acquaintances, the French division having been cited for gallant work in the defense of the fortress on the Meuse against these same Germans.

The fall of Ribecourt followed close upon the capture of the height of Antioch, which was attacked with such ardor that the enemy was beaten before he realized what was happening. One observer was caught in a trench from which he was retreating.

The possession of Monolithe farm facilitates operations against the German line, a mile and a quarter to the northwest. This spur, in turn dominates Apremont, which is the strongest enemy position in the Laucourt sector. It also overlooks the valley leading northwest to Laucourt. The hold of the enemy upon Laucourt is very precarious. When this flank breaks, the whole line must crumble.

CARLOWITZ SUCCEEDS MUDRA.

FRENCH HEADQUARTERS IN FRANCE, Aug. 16.—(Reuter's).—The successor of Gen. Von Mudra, who commanded the First German Army in the attack on Gen. Guderian's army in the Champagne last month, apparently is Gen. Carlomagno, a Saxon, who had been Minister of War in Dresden and had distinguished himself in leading a Saxon army corps in the offensive of this year.

Gen. Von Boehn, who commands the new army group recently formed, led the Ninth Corps, which helped to sack Louvain.

Two Killed in Magazine Explosion.

WASHINGTON, Aug. 16.—Two men were killed and one seriously injured in an explosion today at the St. Julien's Creek naval magazine near Norfolk. They were loading a 6-inch shell with "Explosive D." Ordnance officers are puzzled by the accident, as all the prescribed precautions were taken. Those killed were R. P. Nicholas and E. E. Holland. C. C. Holcomb, who was injured, will recover.

Men 21 Since June 5 Register Aug. 24.

WASHINGTON, Aug. 16.—The following request is made by the provost-marshal-general:

"All male persons who have reached their twenty-first birthday since June 5, 1918, and on or before August 24, 1918, must register on August 24, 1918.

"These men should consult with local draft boards as to how and when they should register."

KAISER DEMANDS HELP OF AUSTRIA

Germany Gets Fifteen Divisions on Promise of Making Peace Move.

RET ATLANTIC CABLE AND A. P. I.

LONDON, Aug. 16.—According to a dispatch to the Daily Mail from The Hague, Germany has demanded that Austria send ten to fifteen divisions to the western front. Austria, on condition that Germany would accept Austria's solution of the Polish question, and make a strong peace move, including the evacuation and restoration of Belgium, assented. Germany promised to concede to Austria solution of the Polish question, including the naming of an Austrian archduke as king, the dispatch asserts.

TEUTONIC EMPERORS PARLEY ABOUT PEACE.

INSPIRED IDENTICAL NOTE HINTS AT PROSPECTIVE OFFENSIVE.

By George Renwick.

AMSTERDAM, Aug. 16.—Today Kaiser Charles is traveling back from imperial German headquarters so as to be able to celebrate the anniversary of his birthday in Austria. Messages from Berlin say yesterday was an important day for there was a great conference at headquarters, and the Berlin correspondent of the Frankfurter Zeitung, who generally very well informed, declares in this morning's issue that the Polish question already has been decided.

Messages from Vienna state that the belief is correct that the decision is against an Austrian solution, but that, if a decision now has been made, it is hard to believe it has been against Germany.

Nearly all of today's German papers print an identical telegram, clearly inspiring to raise the determination and spirit of the people by representing to them once more that Germany is a peace-loving country, while the Entente is to blame for the prolongation of the war and is desirous of annihilating the Central Empire.

As a Pan-Germanic dodge it will deceive nobody, probably not even the mass of German people.

LABOR DISPUTE HERE TO BE ADJUDICATED.

WASHINGTON, Aug. 16.—Labor controversies at thirteen places were accepted for adjudication by the National War Labor Board today and assigned for hearings before sections of the board on dates in the near future.

The dispute between the Amalgamated Association of Iron, Steel and Tin Workers and the Southern California Iron and Steel Company, Los Angeles, was assigned to Adam Wilkinson and John F. Perkins.

SIX GLYCERINE PRICES.

WASHINGTON, Aug. 16.—Prices for dynamite glycerine to the Allied governments and domestic consumers for the remainder of the present year were announced today by the Food Administration as 48 cents a pound in August and September, 48 cents in October and November, and 49 cents in December. Allied requirements are estimated at 7000 long tons.

THE WAR AT SEA.

FLAMES WRAP TANK SHIP; U-BOAT LYING CLOSE BY.

BEAUFORT (N. C.) Aug. 16.—A large oil tank steamer is afire about twenty-five miles off Cape Hatteras, according to reports brought here tonight. A submarine is lying close by. The members of the crew have been taken off by life guards. It is presumed the submarine is a German and the tanker was set on fire by shell fire.

NAVY DEPARTMENT SILENT.

WASHINGTON, Aug. 16.—At the Navy Department tonight it was said

HUNS NEAR COLLAPSE?

Tether-End Closer than Suspected.

Losses in Present Battle Estimated at 360,000 Men, 1700 Guns.

Interior Depots Empty and Boys of 1920 Class Used in Garrisons.

BY M. J. MURPHY.

PARIS, Aug. 16.—Our booty in prisoners and guns, which now is officially reported at 70,000 men and 1700 cannon since July 18, is recognized as the biggest haul the Allies have made since the war began, and there is every reason to suppose that the tale of captures is by no means ended.

The German losses since Foch launched his blow on July 18 are estimated here at 360,000 men, killed, wounded and prisoners.

The belief is growing here that the Germans are much nearer the end of their tether than the rest of the world has been allowed to guess.

It is now known that to make up for the awful wastage in the Aisne-Marne salient and on the Somme, the Germans have had practically to empty their depots in the interior, and that many thousands of youths belonging to the class of 1920 who still are only in the training stage have already been drafted into garrison work.

There is now little doubt that the Germans have thrown in every available reserve division on the Somme, hoping to avoid thereby a general retreat along an extensive section of their line.

So far as can be seen at present their resistance on the Somme cannot possibly continue much longer, in which case their retreat, when it comes, will prove all the more costly from its delay and all the more disastrous, because they will be still less in a position to stand the still heavier losses it will involve.

VERMONT GOVERNOR IS ASKED TO RESIGN.

BURLINGTON (Vt.) Aug. 16.—Gov. Horace Graham today was asked to resign his office in resolutions adopted by the Republican State Committee at a special executive session.

This week discrepancies amounting to \$26,000 were said to have been found in the accounts of the Governor when he was State Auditor.

There is nothing to be given out regarding the attack on a large oil tank steamer by a German submarine off Cape Hatteras, reported in a dispatch from Beaufort, N. C.

It was generally believed that the German U-boat, probably the same one which recently destroyed the dispatch from Beaufort, N. C., had attacked the oil tanker with the purpose of replenishing its supply. After taking aboard the needed oil it was thought probable that the submarine had shelled and set fire to the tanker.

CONFERENCE ON DANCING.

Police Chief Empowered to Take Action Against Cakes When Necessary.

Representatives of the Social Dance Commission, the Mayor's Office, the Police Department and various organizations met with Police Chief Butler, acting City Attorney and the Police Commission on dancing yesterday. The commission proposed dancing ordinance will be referred to the City Council early next week.

The principal decision reached was that Police Chief Butler should be empowered to suspend permits by written notice, to be given within five days from the date of the violation, and that within that time should notify the Police Commission on dancing, yesterday. The commission proposed dancing ordinance will be referred to the City Council early next week.

Harold Forbes Maxson, Los Angeles aviator, killed yesterday.

AIRPLANE EXPLOSION KILLS LOCAL YOUTH.

HURLED FROM MACHINE IN AIR WHILE TRAINING AS ARMY AVIATOR.

Lieut. Harold F. Maxson, a young Los Angeles aviator, was killed yesterday near Comstock, N. Y. He was the youngest son of Mr. and Mrs. Herbert E. Maxson of No. 244 South Alvarado street.

Lieut. Maxson and his companion, Cadet G. F. Gedeon of Titusville, Fla., were together in the airplane, which was one of a group of seven from Brinkley Field, Long Island, flying near Comstock.

The dispatches report that an explosion in midair hurled Gedeon from the plane. The machine crashed to earth in a hay field and when it struck.

Lieut. Maxson was born at the Mare Island navy yard, but was raised in Los Angeles and graduated from the Los Angeles High School. Afterwards he attended the School of Mines at Golden, Colo., and it was from there he enlisted in the aviation service last November.

He received ground training at Berkeley, was stationed at the San Diego field for a time, from there was sent to Texas for further training and then to West Point, Miss. Three weeks ago he was sent to Mineola, N. Y., to complete his flying training before going overseas.

His remains will be brought to Los Angeles under military escort. He was 22 years old.

GOING TO FRANCE.

Expecting to depart about October 1, Robert D. Williams, former professor in the Mid-Pacific College, Honolulu, applied for a passport yesterday from K. S. Zimmerman, passport clerk, to go to France as a Y.M.C.A. secretary for war work.

CASE DISMISSED.

Insufficient evidence caused the release yesterday of W. W. Gardner, real estate operator, by Judge Houser from the charge of embezzlement preferred by Mrs. Fanny K. Wade. The dismissal was recommended by Deputy District Attorney Frick.

CLOSING ORDER AT BORDER PROTESTED.

ONCE-A-WEEK REGULATION WILL HURT MUCH BUSINESS SAY MERCHANTS.

That serious injury will be done to business in Southern California by the enforcement of a new regulation limiting both American and Mexican residents along the border to crossing the line but once a week is the fear of leading business men of Calexico. Telegrams of protest against the order have been sent to Washington by the Calexico Chamber of Commerce and American business men of Southern California, who feel confident that once the State Department knows the facts the rule will be suspended so far as trips across the border at Mexican and Calexico are concerned. The prominent resident of Calexico said in Los Angeles yesterday:

"Two thousand Mexicans living in Calexico work every day on the Mexican side, and 4000 Mexicans living on the Mexican side work every day on the American side. Unless they are permitted to pass across the line every day their work must stop. The Mexicans buy their food from day to day in Calexico. Americans own \$10,000,000 to \$20,000,000 worth of property over the line at this point, including 100,000 acres in cotton and 20,000 in corn. Great quantities of food must stop and coming over on account of drivers not being permitted to come but once a week. Our banks have \$2,000,000 in loans on property over the border. From all this it can be seen how necessary it is that daily business should be allowed to transacted and how the once-a-week order will hurt American business in food especially."

The government has nothing to fear from German propaganda coming in from Mexico at this point as Lower California under Gov. Cantu is entirely pro-Ally. We hope that the government will revoke the order by applying to Calexico and Mexicali. Collector of Customs Elliott and Special Agent Dunkerly of the War Trade Board have co-operated with us in every way in keeping our business going and I am sure the State Department will when it learns that Mexicali and Calexico are in fact one town and passage back and forth freely of residents with passports is necessary to keep business going."

William D. Kelley.

HERO OF TANKFIRE IS KILLED IN MOTOR CRASH.

Less than a month after he had raced a blazing oil truck away from an oil station, saving several lives and considerable property by risking his own life, William D. Kelley, a driver for the California Oil and Asphalt Company, figured in another accident that proved fatal.

Wednesday while filling a storage tank at the corner of West Pico and Vermont avenue Kelley was struck by a skidding automobile and crushed against another machine. He died of his injuries at the Pacific Hospital that night. Funeral services will be held at the chapel of the Hollywood Cemetery this morning at 11 o'clock.

Kelley's spectacular act of heroism occurred July 13, when he was delivering gasoline to a station at No. 1102 South Hill street. He became aware of a fire in the driver's cab and instantly cranked the car, leaping into the seat and driving the car fifty yards away, stopped the engine and jumped. Almost at once the truck containing \$20,000 worth of gasoline, exploded. There were three men in the oil station at the time, and it was probable that they were saved from death and the station from destruction by his act.

The dead man lived at No. 443 North Virgil street. He leaves a widow and three children. His mother, Mrs. Kelley, lives at No. 1102 South Hill street. He was 39 years old, a native of Kentucky, and had lived here for twelve years.

VETERANS FILL LONGEST TRAIN.

Country's Biggest Single Unit Goes from Here.

Portland Encampment Likely Last on Coast.

Union Nurse, Aged Eighty-four, Picturesque Figure.

The country's largest single delegation of Civil War veterans to attend the national encampment of the G.A.R., which is to be held this year in Portland, Or., from August 18 to 25, left the Southern Pacific station last night at 8:45. With twelve coaches filled with veterans and their families, railroad officials said that it was the longest passenger train ever pulled out of the Southern Pacific station. There were 358 delegates in all.

The delegation was under the supervision of Commander R. C. Martin of Bartlett, Oregon Post No. 6. Other local posts represented were Robley D. Evans Post No. 209, Stanton Post No. 55, Kenesaw Post No. 1200 and many towns in Los Angeles county.

Gen. F. H. Barry, governor of the Soldiers' Home at Sactelle, who has not missed a national encampment, led a small group of veterans from the Home. Physical disability kept many others from making the trip.

According to Commander Martin, this year's encampment will in all probability be the last one held on the Pacific Coast, as the long trip from the East is considered too strenuous for the men who fought from '61 to '65 for the preservation of the Union.

While most of the members of the delegation are well past the "three-score-and-ten" mark, yet to listen to the conversation before the train pulled out, one would almost have thought it a bunch of draft boys about to leave for overseas service.

One of the most picturesque figures in the group last night was Mrs. Margaret Hayes, No. 1300 East Forty-fifth street, one of the few commissioned Union nurses who have two and one-half years of active service under Gen. Grant. Although 84 years old, Mrs. Hayes was one of the most active members of the delegation.

She is estimated that over 10,000 in all will attend this year's encampment. While last night's unit is the largest single group to leave, it is claimed by the railroad officials that over 1200 will attend the encampment from Southern California.

TO LAUNCH CAMPAIGN.

Big Meeting is Planned for Trinity Auditorium Tomorrow in Americanization Drive.

Very Rev. Edward J. Hanna, Archbishop of San Francisco and Salt Lake, and vice-president of the California Immigration and Housing Commission, and Chester H. Rowell, member of the State Council of Defense, and regent of the University of California, will speak on the subject of "Americanization" tomorrow afternoon at 3 o'clock.

The Hollywood Community Church, led by Hugo Kerckhoff, will sing patriotic songs and will lead the audience in singing. The book of songs, which will be used for the first time on this occasion, is one that has been published by the State Council of Immigration and Housing. It is the opening meeting of the campaign in California, which is part of a national plan to make "Americans for America."

BRODIE APPEARS IN BANDIT TRIAL.

Herb Brodie, prize fighter, was a witness in Justice Hawley's court yesterday when Edward Fink was before the court in a preliminary examination on the charge of attempting to hold up the clerk of a local hotel on the 11th inst. The clerk detained Fink while he counted out the coin, hoping help would arrive. Mr. Brodie, a guest of the hotel, and I am sure the State Department will when it learns that Mexicali and Calexico are in fact one town and passage back and forth freely of residents with passports is necessary to keep business going."

PRISONERS ESCAPE AT ARCADIA; HUNT IS ON.

A SCORE of armed soldiers, under the leadership of an officer, are searching this district for two prisoners, with orders from Lieut. Col. W. N. Hensley, commandant of the Arcadia Ballroom Camp, not to return without their men.

The escaped prisoners are Ralph C. Rogers, recently returned as a war-time deserter from Texas, and Grant Hurley, held in the guard-house for investigation in connection with the theft of an automobile. The sentry was working the corner of the southern part of the Arcadia field yesterday when they broke and ran. The sentry, instead of ordering them to halt and shooting at them, gave chase for some distance, until they disappeared in an orange grove near the camp. In accordance with military procedure, the sentry is now held a prisoner and will likely be tried by court-martial.

According to officers at the camp, Hurley, who had been claimed by Los Angeles owners, after the soldiers had enjoyed its use for several nights, while they were relieved from duty.

Heading Record Delegation to Grand Army Encampment.

Gen. P.H. Barry, National Soldiers' Home, and Commander R.C. Martin, Bartlett, Oregon Post No. 6, with other delegates to the Grand Army Encampment.

NOT ZANKICK COMPANY.

Port Fish Concern Ralied by the Government was the Fishermen's.

Though a misunderstanding of official information, The Times' list of fish companies whose harbor offices were raided Thursday included the name of the Zankick Brothers' Fish Company. This should have been the Fishermen's Fish Company, across the street. No suspicion of price-rising or illegal fishing attaches to the Zankick company.

The Federal agents spent yesterday examining the books and papers seized at the various offices. It is intimated that some of the concerns may lose their licenses as a result of the raid.

FOR STUDENT ARMY.

The University of Southern California to Have Unit of Training Corps, with Instructor.

The University of Southern California will have a unit of the student army training corps for its young men students when the university opens its sessions in September.

President Board yesterday received a telegram from the Adjutant-General's office in Washington announcing that the students will have rifles, uniforms and equipment and a drill officer provided by the War Department.

Drill will be held five times a week, and this, with other military instruction, will make a total of ten hours' military instruction a week at the university.

CHAIRMAN HAYS WANTS RANDALL TO BE BEATEN.

National Committee Head Writes Letter; Congressman for Flowers.

BY THE WATCHMAN.

CHAIRMAN Will Hays of the Republican National Committee has written a letter to a local friend, relating to the campaign for Congress in the Ninth District to the effect that while it is the policy of the committee to elect rather than select candidates, he would get his forces to work out here before the primaries if there were only two candidates for the Republican nomination, and Randall one of them. There being four Republicans seeking the nomination, the National Committee will take no part in the campaign. After the primaries, however, Chairman Hays gives assurance that, should Randall be nominated, the National Committee will do all within its power to elect Randall's opponent.

Randall has never registered as a Republican. It is said, but he always seeks the Republican nomination. Chairman Hays recognizes that the pacifist is not a Republican and inasmuch as he would willingly get into the fight if all but one of the real Republicans would get out, it seems to be the patriotic duty of three of the four candidates to retire.

FROM CONGRESSMAN.

When Congressman C. B. Miller of Minnesota learned that Monteville Flowers had entered the race for the Republican nomination in the Ninth District, he wrote to Mr. Flowers as follows:

"Dear Mr. Flowers: I have just learned with great interest that you are a candidate for the Republican nomination for Congress in the Los Angeles District. I devoutly hope you will be nominated."

"Having visited Los Angeles many times, I feel a personal interest in the wonder of the land and the possibilities of the region. Los Angeles seems to be the patriotic duty of three of the four candidates to retire."

NABBED ON AUTO CHARGE AFTER STATEWIDE CHASE.

RACING for 300 miles, from Los Angeles to Santa Maria, Detectives John Powell of the Auto Club's theft bureau and Harry Hickok of the police auto theft bureau, last night captured Charles H. Fox, an insurance man of Tranton, N. J., and returned him to Los Angeles. The prisoner is charged with obtaining money and automobile accessories under false pretenses in Victorville.

The two detectives received information Wednesday to the effect that Fox was in Los Angeles, and that he was badly wanted by the Victorville authorities. The two officers, armed with the number of the machine the insurance man was supposed to be driving, started out on a search for him.

Thursday night the officers discovered that he had passed through Hollywood, traveling through the Calhuenia Pass. The detectives immediately secured an automobile and started in pursuit. All day Friday the two officers drove, stopping at each town along the way to inquire if the suspect had passed. Friday night at one little village they were told that he had driven through about an hour before. Two hours

coers caught their man, put him in their machine and started for Los Angeles, reaching here with their prisoner late last night. Fox denies questioning, or registered. He is being held for the Victorville authorities.

SUSPECT MECHANIC
OF EVAJING DRAFT.

Department of Justice agents are investigating the case of Robert McLean, now in the County Jail awaiting a hearing on the charge of evading the draft. McLean, whose address is given on the jail records as Lankershim, is said to be 34 years old, and the investigation is being made to see if he ever filled out a questionnaire, or registered.

McLean, who has been working here for three months as a mechanic, was arrested at his rooming-house, No. 477 1/2 South Olive street. At the time the officers came to McLean's room he was talking there with Mrs. M. Regan of No. 959 Santos street, who has known him for some time. Mrs. Regan did not claim to be McLean's

ANSWERS GREETINGS.

Provost-Marshal-General Crowder Thanks War Veterans for Congratulations.

A telegram from Provost-Marshal-General E. H. Crowder in response to the greetings sent him on the twentieth anniversary of the fall of Manila by United Spanish War Veterans of Southern California was received yesterday by John T. Curtin, senior vice-commander for the department of California, Spanish War Veterans. Gen. Crowder's message was as follows:

"The two decades that have passed since the fall of Manila have been filled with memorable events of which the world is, of course, the most important. Nothing, however, can obscure the date upon which as a nation we enrolled ourselves on the list of world powers, nor can anything dim the recollections of our joint services in the Philippines. I thank you most sincerely for your congratulations and anniversary greetings."

"E. H. CROWDER."

NO JUDGE FOR GRAND JURY.

The Federal grand jury convened yesterday afternoon but failed to return any indictments for lack of a judge before whom to bring them. Judge Eldredge is visiting in Detroit and Judge Trippett did not hold
